

Power of God

Theme

So often we forget. We forget that our God has the power to transform our lives and the lives of those around us. When you allow yourself to fully experience the power of God, you walk away forever changed. You begin to realize that God is more than powerful enough to protect you during all of life's storms. Even more, He loves you way too much to let you weather the storm alone. This year, we invite you to come and experience the power of God in a real and new way.

Worship

Our heart is that everyone is actively engaged in worship rather than having a professional worship band perform for us. We look forward to once again having a unique combination of leaders and youth from various communities lead our worship times together. It's always exciting to see how richly God has blessed us in this ministry and to see youth share their gifts. Who will you recognize up front this year?
